PEOPLE OF ACTION

Rotary Rosebud-Rye offers opportunities for our members — and those interested in making a difference — to get involved. Through meetings, social events, and volunteer projects, our members learn about the issues facing our community and communities all over the world, partnering with local, national, and global experts to exchange ideas about potential solutions and to draw up action plans to respond.

Along with these opportunities to serve, members also are able to regularly network, resulting in lifelong friendships and business connections.

Our club is a proud part of this community and of Rotary International. Rotary is a global network of more than 1.2 million members who believe that great things happen when dedicated minds come together. We are people who really want to make a difference. We come from a range of different professions, experiences, and perspectives but with a shared desire to connect with others to address the challenges affecting our community and communities around the world.

MAKING A DIFFERENCE

Solving real problems takes real effort, commitment, and vision. Rotarians work to protect communities from preventable disease, keep women and children healthy, improve education and economic outcomes, create safe water and sanitation infrastructure, support the environment and make our community and the world a more peaceful place.

Our projects vary according to need; some of our current projects are:

- Rosebud Secondary College - BEAM mentoring program, awards and scholarships, Wellness Pavilion building
- Rosebud, Rye, Boneo, Eastbourne, and Tootgarook Primary Schools - awards
- Local students with Young Change Agents mentoring programs, leadership training programs, National Youth Science Forum
- New BBQ shelter, partner with Capel Sound F/shore Committee
- Rye Sports & Social Club
- Rotarians Against Malaria:- ending malaria in Vanuatu
- Garden Project at KOSHISH Mental Health Facility - Nepal
- Funding in response to natural disasters - earthquakes, floods and fires around the world (e.g. Morocco)
- Ending polio worldwide
